

Information on Novel Coronavirus Pneumonia

1. Please take infection control measures; wear a mask if you have a cough or sneezing symptoms, and wash your hands. Using alcohol based hand sanitizer is also effective.

2. General Consultation Hotline (call center) for Novel Coronavirus Pneumonia is available.

TEL: (022)211-3883 (24 hours 7 days a week)

Please also call the Hotline and notify them if you “have cold like symptoms or a fever (37.5°C or higher) which has continued for four days or longer (including the case if you need to take antipyretic to reduce the fever)” or “feel lethargic or have difficulty breathing.”

※For senior citizens, persons with a primary illness, or expectant mothers,

please call if the above symptoms continue about two days or so.

◎ If you need interpretation support, please call the “Miyagi Support Center for Foreign Nationals”.

TEL: (022) 275-9990 (Monday – Friday, 9:00 a.m. - 5:00 p.m.)
